Approved
(initial)

Please provide syllabi of undergraduate courses which allow you to petition for a waiver or exemption. If you do not have syllabi, you may be asked a question(s) about the subject material.

1) One course is required out of three possible courses:

- | | | |
|--|-------|-------|
| - Cell Signaling (MP 210, winter, 1 st or 2 nd year) | _____ | _____ |
| - Biological Macromolecules (SB/BC 241, fall, 1 st or 2 nd year) | _____ | _____ |
| - Developmental Biology (DvBio 210, spring, 1 st or 2 nd year) | _____ | _____ |
| - Other _____ | _____ | _____ |

Note: One course must be taken. If the above courses have already been taken, please elect to take another course of your choosing.

- | | | |
|---|-------|-------|
| Basic Immunology (BioSci 230, fall, 1 st year) | _____ | _____ |
| Biochemistry and Molecular Biology (Bioch 200, TBA, 1 st year) | _____ | _____ |
| Biostatistics (BioSci 141, fall) | _____ | _____ |
| Cell Biology of Physiological Processes (MCP 221, win, 1 st year) | _____ | _____ |
| Principles of Biological Technologies (Imm 215, spring, 1 st year) | _____ | _____ |

No exemption or waiver for the courses below:

- Advanced Genetics (Gen 203, autumn, 1st year)
- Advanced Immunology I (Imm 201, winter, 1st year)
- Advanced Immunology II (Imm 202, spring, 1st year)
- Advanced Immunology III (Imm 203, summer, 1st year)
- Immunology Journal Club (Imm 305, 1st - 5th years)
- Immunology Seminar Series (Imm 311, 1 unit 1st year)
- Immunology Seminar Discussions (Imm 311a, 1 unit 1st year)
- Responsible Conduct in Research (Med 255, winter, 1st year)
- Immunology Research (Imm 300, all quarters, 1-15 units)
- Teaching in Immunology (Imm 290, any two quarters, 1-15 units – teaching assistantships)

All required courses must be taken for a letter grade.
